

Compost Tea Systems[™]

System100[™]

The System100, our most popular model, is ideal for operations of 10 to 50 acres. This durable System meets the needs of daily compost tea users including mid-size farms, landscape contractors, garden centers, and compost facilities. The System100's patented design and industrial grade components ensures efficient and reliable compost tea production.

Features

- Patented Compost Tea System design
- Fine Bubble Diffusion technology
- Industrial grade components
- Highest quality aeration system available
- Four durable and easy-to-handle compost baskets

Specifications

Tank capacity	100 gallons/379 liters
Aeration	Fine Bubble Diffusion
Air delivery	Siemens [®] regenerative air blower
Electrical	110V/220V
Tank/Stand	UV stabilized polyethylene
Valves/Fittings	Banjo [®] glass-filled polypropylene
Fasteners	18-8 Stainless steel
Weight	250 pounds/114 kilos
Dimensions	64 x 54 x 56 inches 163 x 137 x 140 centimeters
Brew time	24 hours
